---

## PROFESSIONAL SUMMARY

Entry-Level Frontend Developer and Computer Science student focused on building responsive, user-friendly web applications using HTML, CSS, and JavaScript. Experienced in designing and deploying live projects including a fully interactive music player and a personal portfolio website showcasing ongoing development work. Seeking internship or junior-level opportunities to contribute to real-world frontend projects.

## TECHNICAL SKILLS

- Frontend: HTML5, CSS3 (Flexbox, Grid, Responsive Design), JavaScript (ES6+)
- Tools: Git, GitHub, Version Control, Web Deployment, Debugging
- Programming Fundamentals: Java, Python, Object-Oriented Programming, Data Structures

## PROJECTS

**BriansWebProject.com – Personal Portfolio & Project Platform**
- Designed and developed a responsive personal website using HTML, CSS, and JavaScript
- Deployed using GitHub Pages and connected to a custom domain
- Showcases live projects, technical skills, and ongoing development work
- Built with clean UI structure and scalable layout architecture

**Interactive Music Player (Featured on BriansWebProject.com)**
- Built a fully interactive browser-based music player using HTML, CSS, and JavaScript
- Implemented play/pause functionality, dynamic track updates, and responsive layout
- Designed modern UI with organized component structure and focus on user experience

## EDUCATION

Bachelor of Science in Computer Science — University of Phoenix (Expected September 2027)
Associate of General Studies — Pensacola State College (December 2020)

## CERTIFICATION

CompTIA A+
